

SPRAY GRADE AMMONIUM SULFATE

GENERAL USE INFORMATION – READ ENTIRE LABEL BEFORE USING THIS PRODUCT

PRINCIPAL INGREDIENTS*

Proprietary blend of ammonium salts 100%

*All ingredients are accepted for use under CFR 40, 180.1001 (c).

MSDS available upon request.

CAUTION
KEEP OUT OF REACH OF CHILDREN
HARMFUL IF SWALLOWED

STORAGE AND DISPOSAL

Store product in the original package only. Store in a dry clean facility away from oxidizing agents. Completely empty contents of bag into spray application equipment. Dispose of empty bags in a sanitary landfill or by authorized incineration.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: May be harmful if swallowed. Avoid contact with skin, eyes or clothing. Avoid breathing dust. Wash thoroughly after handling. In case of contact with eyes or skin, immediately flush with plenty of water. Get medical attention if irritation persists. If swallowed, drink 2-4 glasses of water, induce vomiting, contact a physician.

NOTICE

READ ENTIRE LABEL BEFORE USE, IF TERMS ARE UNACCEPTABLE RETURN AT ONCE – UNOPENED.

Fertilizer Company of Arizona, Inc. warrants that this product conforms to the chemical description on the label thereof and is reasonably fit for the purposes stated on such label only when used in accordance with the directions under normal use conditions. It is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness, or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of Fertilizer Company of Arizona, Inc. In no case shall Fertilizer Company of Arizona, Inc. be liable for consequential, special or indirect damages resulting from the use or handling of this product. The buyer shall assume all such risks. Fertilizer Company of Arizona, Inc. makes no warranties of merchantability or fitness for a particular purpose nor any other express or implied warranty except as stated above.

The above Limited Warranty and Condition of Sale may be affected by state or local governmental restrictions or laws.

READ ENTIRE LABEL. USE STRICTLY IN ACCORDANCE WITH CAUTIONS AND DIRECTIONS.

GENERAL INFORMATION

FERTIZONA SPRAY GRADE AMMONIUM SULFATE (FSGAS) is a highly refined and processed sprayable ammonium sulfate designed to enhance herbicide performance. **FSGAS** reduces antagonism in the spray tank and increases deposition of the herbicide resulting in improved uptake by the targeted weed species.

FSGAS disperses rapidly in solution and has been specifically designed to mix well in cold water.

FSGAS is designed and manufactured with a very high level of purity to prevent plugged nozzles and screens. It is conveniently packaged and pre-measured for a wide range of application rates and equipment.

DIRECTIONS FOR USE

CONSULT YOUR LOCAL FERTIZONA REPRESENTATIVE OR OTHER AGRICULTURAL SPECIALIST FOR SPECIFIC CROP RECOMMENDATIONS.

Always read and follow all label directions, mixing instructions, and precautionary statements of the herbicide being applied. **FSGAS** may be used with applications labeled for Agricultural, Industrial, Non-Cropland, and other uses when the herbicide label suggests, recommends, or requires the use of ammonium sulfate as an adjuvant to improve herbicide performance.

DETERMINING USE RATES

The **FSGAS** use rate must be determined by the herbicide label adjuvant recommendations and guidelines.

When the herbicide label recommends **FSGAS** rate per 100 gals: Substitute **FSGAS** at the exact rate. For example: when 17 pounds per 100 gals. or 2% v/v is suggested, use 17 pounds **FSGAS** per 100 gals. of spray solution.

When the herbicide label recommends **FSGAS** rate per acre:

AMMONIUM SULFATE RATE: When herbicide labels suggest a particular rate of **FSGAS** per acre, substitute the exact rate per acre using **FSGAS**.

Mix these amounts of **FSGAS** per 100 gals.

	10 GPA	12 GPA	15 GPA	50 GPA
2.0 lbs. per acre	20 lbs.	17 lbs.	13 lbs.	10 lbs.
2.5 lbs. per acre	25 lbs.	21 lbs.	17 lbs.	13 lbs.
3.0 lbs. per acre	30 lbs.	25 lbs.	20 lbs.	15 lbs.

PREPARING SPRAY SOLUTION

Thoroughly clean all spray mixing and application equipment prior to and following each use.

Unless directed otherwise by mixing instructions on the herbicide label, **FSGAS** should be mixed as follows:

1. Fill solution tank one half full of water and begin agitation.
2. Add **FSGAS** to the solution and continue agitation until dissolved. If no mechanical agitation is available, it may be necessary to slurry mix **FSGAS** in water prior to adding to the tank.
3. Add remaining tank-mix products in the following order: dry flowables and water dissolvable granules, wettable powders, flowables, solution, and emulsifiable concentrates.
4. Additional adjuvants as required.
5. Continue filling while agitating until all added products are thoroughly mixed into spray solution.
